 - a. True **b. False****

Training Evaluation

Please circle the number on the right that corresponds to the question.

1 = Not at all 2 = Somewhat 3 = Yes, Good work 4 = Yes, this was Excellent!

The content of this training was important to my job. 1 2 3 4

The information presented was easy to understand. 1 2 3 4

This training provided me with new knowledge and/or skills. 1 2 3 4

The trainer was knowledgeable and answered questions. 1 2 3 4

I felt as though the trainer really welcomed my questions. 1 2 3 4

The handouts provided were helpful to me. 1 2 3 4

The length and format of the training was appropriate. 1 2 3 4

The overhead transparencies were appropriate and helpful. 1 2 3 4

There was an appropriate amount of hands-on activities. 1 2 3 4

The training session was interesting. 1 2 3 4

List three things you learned during this training.

What did you enjoy most about the training?

What did you enjoy least about the training?

Based on what you learned during this training, what will you implement in your classroom?

Please include any comments or ideas to make this training more effective.

Please list other topics that you would like to learn more about.
