ANSWER SHEET**

1. What types of injuries can occur in ECCE settings?
 - a. Lacerations and wounds
 - b. Choking and strangulation
 - c. Falls and blows
 - d. Burns
 - e. **All the above ****

2. An “entrapment” is an area where a child’s head can become trapped. Entrapments are openings that are:
 - a. **Between 3 ½" and 9" ****
 - b. Between 5" and 10"
 - c. Between 7 ½" and 12"
 - d. Between 10" and 15"

3. Tension safety gates can be used at tops of stairways.
 - a. True
 - b. **False **** (gates should be “hinged”)

4. Exit doors should be unlocked at all times when children or adults are present in the building.
 - a. **True ****
 - b. False

5. You can use push-pins on bulletin boards, as long as they are out of children’s reach.
 - a. True
 - b. **False ****

6. Medications, cleaning supplies, and adult’s purses must be in locked cabinets.
 - a. **True ****
 - b. False

7. To prevent burns, tap water should never be hotter than what temperature?
 - a. 100 degrees F
 - b. **120 degrees F ****
 - c. 130 degrees F
 - d. 140 degrees F

8. Classroom pets can transmit disease. Which pet is likely to transmit salmonella?
 - a. Rabbit
 - b. Parakeet
 - c. **Turtle ****
 - d. Goldfish

9. Which item does **not** belong in a first aid kit?
 - a. Gloves
 - b. Bandages
 - c. Tweezers
 - d. **First aid cream ****

10. It is okay to store items, such as playground toys, in the hallway, as long as the hallway is wide enough for a clear pathway.
 - a. True
 - b. **False ****

Training Evaluation

Why did you attend this training session?

List three things you learned during this training.

What did you enjoy most about the training?

What did you enjoy least about the training?

Because of what you learned during this training, what is one thing you will do to improve your ECCE program?

Please include any comments or ideas that you think would make this training more effective.

Are there any subjects that you would like to learn more about?
